Certificates

UI/UX Developer

I completed a UI/UX Developer course from **Tech Mahindra SMART Academy**, where I learned design tools like Figma and gained basic skills in HTML, CSS, and JavaScript.

3D printing Workshop

I attended a 3D Printing Workshop conducted by **Teck Team Solution**, where I gained basic knowledge about 3D printing technology, its applications, and how 3D models are created and printed using specialized software and machines.

Projects

Amazon clone

E-commerce Web Application using HTML, CSS, and JavaScript.

- Created a responsive Amazon homepage UI using **HTML5 and CSS3** with pixel-perfect layout replication.
- Implemented **Flexbox and Grid** to build structured, mobile-friendly sections.

- Focused on clean design, semantic HTML, and real-world e-commerce layout practices.

Restaurant Website Design

Responsive restaurant landing page using HTML and CSS, Bootstrap.

- Built a responsive restaurant website using **Bootstrap**.
- Designed a clean layout with user-friendly navigation.
- Optimized for mobile, tablet, and desktop screens.

Simple Calculator Web App

Responsive calculator using front-end technologies.

- Developed a basic calculator using **HTML, CSS, and JavaScript** for performing arithmetic operations.
- Implemented interactive UI with number input, operators, and real-time result display.
- Gained hands-on experience with **DOM manipulation** and JavaScript event handling.
